

NON-COMPLIANCE NO LONGER AN OPTION

Recruitment agencies, contractors and intermediaries
subject to unparalleled levels of scrutiny in 2015.

After two years of rumour and conjecture, the activities of umbrella
companies and their clients will face forensic examinations by HM
Revenue & Customs in the coming year.

New legislation which becomes mandatory in August will force
agencies and contractors to provide detailed information regarding
themselves, their employment contracts and their supply chain to
HM Revenue & Customs upon request.

***RACS Group has already viewed copies of letters
sent directly to contractors and it is vital that
agencies only use umbrella providers who can
fully prove their compliance status.***

RACS Group offer agencies the following protection and benefits:

- Fully integrated reporting systems already in place
- Payroll information available to agencies in any format
- New automated agency schedule upload functionality
- Dedicated agency portal area & secure management information
- Wholly compliant with National Minimum Wage legislation
- Proven not to be a Pay Day by Pay Day Model
- Contributing to the 'umbrella review' consultation period
- New Agency Care department to look after your interests

For an independent compliance
review, please contact Adam
Jordan before it is too late.
